

**Memorandum of Understanding  
between  
University of Medicine and Pharmacy at Ho Chi Minh City, Vietnam  
and  
China Medical University, Taiwan**

1. This agreement represents an initial undertaking on the part of the University of Medicine and Pharmacy at Ho Chi Minh City and the China Medical University (CMU) to explore areas of potential cooperation.
2. Both parties undertake to nominate senior representatives whose tasks will be
  - (i) Faculty and academic information exchange
  - (ii) Research collaborations
3. Once areas for collaboration have been confirmed, the detailed development of the proposal(s) will be led by the Director of International Office, the relevant Dean(s) of School and the University Academic Registrar within the University and designated colleagues within CMU.
4. Both parties agree to maintain full confidentiality, and observe the Intellectual Property Rights of other parties. Specific approval for any publicity must be agreed in writing prior to deployment between the University Academic Registrar and the Principal of CMU.
5. The arrangements governing any resulting collaborative provision will be recorded in a Memorandum of Collaboration for each course to be agreed by both Institutions. Addenda to the Memorandum will specify the administrative and financial arrangements of the collaborative provision.
6. Initially, each party undertakes to be responsible for the costs they incur during the developmental phase of the partnership. The cumulative development costs of any resulting collaborative programs will be included in the financial arrangements for that provision.
7. Both parties undertake to reveal such dealings with other institutions or any material fact that may be reasonably expected to impinge on the development of this partnership.
8. The duration of the agreement will be for a calendar year in the first instance, to cover the period September 2018 to August 2019
9. The necessary academic and due diligence reports will be provided by both parties prior to the inception of any validation processes.
