One of the missions of our Ministry of Education is to support projects which will further the education of young people, especially those outstanding college or university youth, exhibiting exceptional talents.

Therefore, it is once again, an honor to offer support regarding your letter of invitation by forwarding to all the universities and colleges throughout Taiwan, the information you have provided, about the 3rd University Scholars Leadership Symposium 2012.

In closing, I would like to wish you and the 2012 Symposium much success.

Sincerely,
